Financial Trader @ Bourse behgozin Brokerage | Technical Analysis,  
Trading

Tehran, Tehran Province, Iran

## Summary

Bourse behgozin Brokerage leverages over six years of contributions in algorithmic trading, market-making, and risk analysis. The team benefits from expertise in developing Python-based trading solutions and implementing efficient strategies that optimize portfolio performance and execution. Core competencies include creating automated dashboards and technical analysis tools that enhance decision-making processes.

Prior experience at Bedaan Inc sharpened project management and operational analysis capabilities, with a focus on delivering impactful outcomes. A passion for fintech innovation and data-driven trading strategies fuels ongoing contributions to dynamic teams. Dedicated to advancing financial technologies and fostering collaborative environments that drive measurable success.
